

The Asimitel

# Omnia Auto-Dial™

Programmable Auto-Dial Phone, Available in Desk or Wall Version. | 5500 AD & 5501 AD

VER. 02-06

## 32 Digit Capacity

Program & store up to a 32 digit number, including pauses, in pulse or tone mode. When the user lifts the handset any pre-programmed number speed-dials each time.

## Remotely Programmable

Easily programs using any touch-tone phone. With the aid of a helper, program the Omnia Auto-Dial from anywhere in the world!

*The Omnia Auto-Dial is stand-alone and doesn't require a Phone System/PBX or Ring-Down Line/Circuit to dial out. It's self contained dialer does all the work!*

**5501 AD**

**5500 AD**

## Line Powered

All units require *NO* batteries or AC. Even if the phone is unplugged after programming, internal memory remembers everything.

## Custom Graphics

Take advantage and customize the phone's Faceplate with anything from directions/instructions to full-color images and company logos.

## Volume Control

ADA Compliant & Hearing-Aid Compatible (HAC), 3-Step Volume Control Handset. Also Features Ultra Dependable Carbon Mic.
